

**BROWNSVILLE BOROUGH
FAYETTE COUNTY PENNSYLVANIA
JUNE 10, 2020**

The Regular meeting of the Council of the Borough of Brownsville was held this evening at the Sons of Italy in Brownsville. The meeting was called to order by Tracy Sheehan Zivkovich at 6:00 P.M. by reciting the Lord's Prayer and the Pledge of Allegiance.

The following members were present: Mayor Ross H. Swords, Jr., Council President Tracy Sheehan Zivkovich, Council Vice President Paul Synuria, Jack Lawver, Lester Ward, Barbara Pepper, and Beth Bock. Jackie Jackson entered at 6:03 p.m.

RECOGNITION OF VISITORS

LISA SYNURIA: Someone on Clover Street is setting off fireworks nightly. Lisa Synuria has spoken with police in the past and they let them go around July 4 but it's a nuisance now. She is asking if we have an ordinance to fine people for disturbing the peace.

Tracy Sheehan Zivkovich asked Mayor Ross H. Swords, Jr. if there was anything illegal about it. Mayor Ross H. Swords, Jr. noted that it is disturbing the peace, but that it is unlikely that we have an ordinance for fireworks specifically. Solicitor noted that a noise ordinance would be difficult to enforce because it would require a decibel meter. Solicitor also noted that she has a firework ordinance, but again it is difficult to enforce. Lisa Synuria noted that it affects so many who were in the military and are suffering from PTSD, as well as many animals. It's happening nightly and it's disruptive. Solicitor noted the ordinance she has requires prior approval from the police and/or mayor's office and helps with safety. Barbara Pepper noted that she hears illegal fireworks (loud). Mayor Ross H. Swords, Jr. noted that a few calls were routed through 911, and we are recommending that residents continue to report fireworks to 911 and Council can track them. Jackie Jackson noted that fireworks are set off too close to home and dangerous for homeowners due to the fire hazard. Paul Synuria asked Solicitor to see the ordinance she's referring to. Tracy Sheehan Zivkovich confirmed that a curfew ordinance is in place, and any fireworks set after that time could be referred to, and fined under, that ordinance.

Guest Joe Barantovich agreed that there seems to be a full fireworks show going on nightly, but that he did not call police. He then noted that he thought if our police saw this happening, they would just go. Lisa Synuria reminded him that the paper trail then does not exist, and he agreed. Jack Lawver believes locals are getting state permission to set off fireworks. Solicitor noted that people are doing this, but without a bond or ordinance, we cannot stop them. Fireworks are legal but should be set off safely. Jack Lawver noted that professional fireworks have to be more than 500 feet from buildings.

JOE BARANTOVICH: would like to invite everyone to cleanup on Saturday morning and help with the Perennial Project. There is a grant from the Laurel Highlands visitors bureau this year, and there are several places they will be cleaning and planting flowers all in one day. They are asking people to bring their own tools and masks, although the Chamber of Commerce purchased several items they can use. They would like to obtain sponsors for things, such as the new antique store in town, and then allow those sponsors to take over and care for these locations, as well as continue to maintain them. He spoke with Pickers and they will do the same for the area in the parking lot and across the street and end of the bridge. The Perennial Project will still be involved, but it's very beneficial to have businesses or residents to sponsor these things.

Mr. Barantovich received a call from Pickers about the dock at the wharf. John Bayer offered to fix it, but Mr. Barantovich believes the work would be too much for he and Mr. Bayer. Pickers would like to assist with this and possibly fix the docks. There would not be a cost to the Borough but it would enhance businesses in the area. Paul Synuria noted that he thought it was a great idea. He thought unhooking it and bringing it up might work. Tracy Sheehan Zivkovich asked if anyone has any concerns with this work being done by them.

Paul Synuria made a motion to allow the dock repair by volunteers, Joe Barantovich along with Ron White and Jaymee Lutes from Pickers. Second by Jack Lawver. All in favor. Motion passed.

Tracy Sheehan Zivkovich noted her concern was not being insured, what happens if something goes wrong. Jack Lawver noted they need floats, and Mr. Barantovich noted that Ron White has them.

Barbara Pepper asked if the docks could be taken out in the winter. Jack Lawver noted this would be possible with a crane. Beth Bock recommended looking into this so we don't go through this every year. Lester Ward noted the design should be improved to avoid this.

PROPOSALS

Jack Lawver noted the catch basin proposal is first – on Catherine Avenue and on Mason & Water Streets. The second bid is for Catherine Avenue paving. Tracy Sheehan Zivkovich opened a sealed bid from Hunter Excavation for the catch basin project. The bid is in the amount \$26,002. There is a bond included for 10% of the cost. Solicitor noted it is over the cost limit, so it now has to be put back out. This bid cannot be accepted due to the cost.

Jack Lawver makes motion to reject the bid. Barbara Pepper seconds. All in favor. Motion to reject the bid passes.

Tracy Sheehan Zivkovich asked if we could reevaluate the scope of the work to see if something can be done to lower the cost. Paul Synuria asked if we could break the basins down into 4 separate bids and Solicitor noted that we could not do this. Jack Lawver asked if we could eliminate any of the basins and Solicitor noted that if they are 2 separate projects, maybe, but otherwise, it should be kept together. Solicitor noted that Catherine Avenue may be combined, and Water Street on a new bid.

Jack Lawver would like to make a motion to get quotes on just Catherine Avenue. Second by Paul Synuria. Solicitor noted the time requirement should be included.

Second bid is for the paving project on Catherine Avenue. Hunter Excavation bid \$14,675. Jack Lawver makes a motion that we accept the paving project bid. Second by Paul Synuria.

Paul Synuria asked if we accept this bid, are we bound by it if we can't get the drains done first. Jack Lawver asked if we had a time limit on getting three quotes. Solicitor noted there was no limit. Tracy Sheehan Zivkovich made note that only one bid was received on this project. Roll call vote: Tracy Sheehan Zivkovich, yes; Paul Synuria, yes; Jack Lawver, yes; Lester Ward, yes; Beth Bock, yes; Barbara Pepper, yes; Jackie Jackson, yes. Roll call vote was unanimous. Motion carried.

MINUTES

Tracy Sheehan Zivkovich presented the May 13, 2020 minutes. Motion to approve by Paul Synuria, second by Barbara Pepper. All in favor. Motion passed.

MAYOR'S REPORT

Mayor Ross H. Swords, Jr. stated the fines collected for May 2020 totaled \$1,573.08. Mayor Ross H. Swords, Jr. thanks Council for paying the K-9 fund back in full. The COVID confirmed cases are still at 95 with 4 confirmed deaths, so no increase. Mayor Ross H. Swords, Jr. has a thank you from the Richard & Judy Moffitt for the gifts and cards for their mother's 100th birthday.

Tracy Sheehan Zivkovich would like to thank Mayor Ross H. Swords, Jr. and the police department for the preparation and planning for the protest last week. There were many hours put into the planning, and she offers her sincere thanks.

FINANCE & ADMINISTRATION – LESTER WARD

Lester Ward noted the bank balances at this time total \$312,315.64, including General Fund \$182,613.90, Payroll \$5,106.30, Money Market \$42.49, Act 13 \$9,991.27, K-9 Fund \$2,757.31, Fire Escrow \$187.42, Northside Park Project \$0, and PLGIT \$111,616.95.

Monthly bills paid this month were \$43,316.04; bills that still need paid total \$44,569.25, which includes \$20,169.25 that needs paid by the end of this month, and the remainder are long-term bills. Monthly deposits totaled \$42,944.10.

Discussion regarding K-2 and Trek payments. Trek was a monthly recurring payment of \$1,000 and K-2 was a one-time \$9,000 payment.

Motion by Lester Ward to pay \$5,000 to K2 Engineering and continue monthly payments of \$1,000 to Trek. Motion also includes payment of remaining monthly bills. Second by Paul Synuria. Roll call vote: Tracy Sheehan Zivkovich, yes; Paul Synuria, yes; Jack Lawver, yes; Lester Ward, yes; Beth Bock, yes; Barbara Pepper, yes; Jackie Jackson, yes. Roll call vote was unanimous. Motion carried.

Lester Ward noted that Code Enforcement answered a total of 49 complaints, inspected 0 houses, attended 10 court hearing, issued 61 citations, and sent 35 notices to residents. Fines & fees collected totaled \$191.17 this month.

BUILDINGS & GROUNDS – PAUL SYNURIA

No report at this time.

PUBLIC SAFETY – BETH BOCK

Beth Bock noted that for the month of May, the mileage was 492 on Unit 1 and 1,238 on Unit 3, for a total of 1,730 total miles. Additionally, the Police Department had 81 calls for service, 15 total incidents and 21 citations issued. There was 1 arrest and 0 transports.

Beth Bock noted the police pension needs to be discussed. Solicitor recommends a conference call with the pension plan. Actuarial study needs to be done. There is concern of whether there will be an increase in the DROP plan. A free study should have been available last year. Tracy Sheehan Zivkovich noted we can deal with this at another emergency meeting. Cost is a factor, so we need to speak with Steve Feaster as soon as possible on this topic. Solicitor will arrange a conference call to discuss the pension.

Chief Jablonsky and Lieutenant Brant passed their first aid and CPR training. Beth Bock is doing NIMS training, regarding public safety and emergencies. Tracy Sheehan Zivkovich asked if the police department had a Use of Force and a Restraint Policy. Beth Bock noted that we do. Tracy Sheehan Zivkovich asked if our officers are trained on this, to which Mayor Ross H. Swords, Jr. noted they are trained on these things when they come on the job. Tracy Sheehan Zivkovich asked if there was other training they should be participating in, and if we could get them into it with other departments. Jack Lawver noted that the guidelines that our officers follow came from the state. Beth Bock noted that the Chief and herself received multiple flyers on trainings and they are distributed to the officers as they come in. Mayor Ross H. Swords, Jr. noted the Policy Manual needs updated. Beth Bock asked if there was a time frame, to which Mayor Ross H. Swords, Jr. responded in the next few months. Jack Lawver noted the union would have to approve it. Tracy Sheehan Zivkovich recommends reaching out to other Mayors to see if we can review our policies to match other updated ones. Tracy Sheehan Zivkovich asked about the permitted restraints officers are permitted to use. Paul Synuria asked the Solicitor if Council could recommend what force could and could not be used. Solicitor noted that Mayor Ross H. Swords, Jr. should draft a policy noting what restraints were prohibited. Each officer would sign off on any prohibited policies. Paul Synuria noted that he has restraint training and things change. Tracy Sheehan Zivkovich requested a permitted restraints policy from Mayor Ross H. Swords, Jr. by next month's meeting. Solicitor noted we can add a requirement for restraint training annually, or something to ensure the safety of our officers and residents. Tracy Sheehan Zivkovich threw out the idea of having one of our officers as a certified trainer, possibly generating income, where other officers would come to us for training.

STREETS – JACK LAWVER

Jack Lawver noted that a resolution was required for Act 537 and has been requested by the municipal authority. Jack Lawver noted this resolution needs to be adopted. Solicitor noted the sewage authority did send us written procedures, which we asked for. They sent the ordinance they need, and also their policy on citing people. Solicitor would still like to meet with a sewage authority representative to discuss this. Solicitor noted the resolution should not be an issue.

Jack Lawver makes motion to adopt the Resolution, but recommends adding the specific location from Water Street to Washington Street. Second by Lester Ward. Roll call vote: Tracy Sheehan Zivkovich, yes; Paul Synuria, no; Jack Lawver, yes; Lester Ward, yes; Beth Bock, yes; Barbara Pepper, yes; Jackie Jackson, yes. Roll call vote was 6-1. Motion carried.

Pennsylvania American Water upgraded lines and fire hydrants from the 500 block of Water Street to Bollivar Street. Pennsylvania American Water is working with the municipal authority to pave the roads and get the project done together.

From the Lane Bane bridge to the Gazalie building, the fence is in bad shape. There is about a 40' drop and it is dangerous. Jack Lawver recommends looking into it, for safety reasons.

Jack Lawver reached out to 2 pipe cleaning companies. We have approximately 14 drains that need cleaned out, as they are packed solid. We do not know where the pipes run. This will not be a cheap fix. If LTAP has a camera, this would be beneficial to us, since we need to know the direction of the pipes. Jack Lawver recommends that we do this, as storm drains cause a lot of road damage. Jack Lawver recommends State Pipe Cleaning do this work, and he believes it will take approximately 3 days at a cost of approximately \$7,500. It is reimbursable under the Liquid Fuel Funds since it is a road issue. LTAP does not cost us anything. The engineer noted that the flooding and water flow could not be properly evaluated at this time because the drains are so compacted with mud and debris. Tracy Sheehan Zivkovich questioned how this happens, to which Jack Lawver noted they have been neglected over the years due to costs. In the past when we were short on money, we pushed this to the side.

Beth Bock asked if they would stop after three days, or how we control the costs. Jack Lawver noted the High Street drains all end up in front of the Borough Building.

Motion by Jack Lawver to take care of this cleaning. Second by Jackie Jackson. Roll call vote: Tracy Sheehan Zivkovich, yes; Paul Synuria, yes; Jack Lawver, yes; Lester Ward, yes; Beth Bock, yes; Barbara Pepper, yes; Jackie Jackson, yes. Roll call vote was unanimous. Motion carried.

Tracy Sheehan Zivkovich recommends a policy be drafted by the July meeting in order to keep the drains cleaned on a more regular basis. Second by Jack Lawver. All in favor. Motion passed.

Paul Synuria noted the LTAP engineer would help with grant writing or funding.

Jack Lawver makes a motion that Columbia Gas needs to fix the prior work they did that we were not happy with. Council recommends that Columbia Gas try to fix the work. Jack Lawver noted a time limit needs to be set since it's been so long. Lester Ward is concerned this will put us further behind. Barbara Pepper noted the high spot in the middle of the roads will be an issue when we plow in the winter.

The second recommendation on Third Avenue is that the brick repair is redone. The damaged curb and the missing stop sign needs replaced. Solicitor noted the street opening fee could hold off until Columbia Gas redoes this work. There is an outstanding bill of more than \$30,000 that has yet to be paid. Beth Bock noted that her recommendation would be that prior to future street openings we send a member of the Street Department out to meet with the foreman or the project leader so that it is discussed ahead of time. Lester Ward asked how long this has been going on, to which Jack Lawver noted it has been months. Tracy Sheehan Zivkovich agrees that the recommendation is agreeable. Barbara Pepper asked about the ordinance and fees, and if we are going to be changing fees. Solicitor noted that Columbia Gas threatened to file a suit against us about the legality of fees. Council asked Columbia Gas to do some paving to offset some of the original costs, but they have not done that work. Solicitor recommends Columbia Gas redoing their work before we discuss the fee with them. Columbia Gas claims that the permit fee is not justified because the Borough cannot show where the costs to us amounted to this fee. Solicitor believes the fee is justified and that we could show that we spent this. There was discussion regarding our street opening fees and changing the language from fee to bond, then if we there are any issues, we can call upon the bond to fix them. If we end up adopting a new ordinance, we can adjust fees at that time. Beth Bock asked if any notice could be required so they do not do the work on the day of, so residents have more notice for parking. Solicitor noted that in larger areas, there is an in-house engineer working for them, where we are working with PennDOT and do not have someone in-house to work for us. We can try, but it may not always work.

Jack Lawver makes a motion to move forward with the Columbia Gas recommendations. Second by Beth Bock. All in favor. Motion carries.

Bridge Inspections were done and there are improvements recommended. Sending a letter to the Commissioners may help acquire funding. Tracy Sheehan Zivkovich will send the letter.

RECREATION – JACKIE JACKSON

Jackie Jackson noted Phase 1 at the playground would be to cut the grass. She spoke with Sue Martin of Uniontown who is willing to help us with grant writing and with planning. Sue Martin noted the value of the land itself could be used in matching grants, if need be. Barbara Pepper reminded Jackie Jackson that the high school students who were interested in helping would be a great place to start. Jack Lawver noted that at some point, there was a grant written to install a t-ball field, but without parking, the grant was denied. Solicitor noted that Kaboom Grants is a great place to start. They only do playgrounds, and they are a great resource. Tracy Sheehan Zivkovich asked if Sue Martin charges a fee, which Barbara Pepper responded that she writes for the county, and does not charge. Tracy Sheehan Zivkovich asked if we could contact McMillen to see the prior grant so we do not redo any of the same work. Jack Lawver noted that the Redevelopment Authority is getting money for the pandemic that we may be able to work with. Beth Bock noted that we do not get these grants, so why not use the community for help. Tracy Sheehan Zivkovich noted that the matching grants are not always feasible, and using an engineer can cost more than the grant allows.

Tracy Sheehan Zivkovich reminds Council that the LSA deadline is Friday, July 10, and we should not miss this deadline. Anyone needing grants should look into this as soon as possible.

ECONOMIC DEVELOPMENT – BARBARA PEPPER

Barbara Pepper noted that the Borough has had nine new businesses open up in the last year. Mary's Bakery, Pickers, Sandwich Shop, Barber Shop, Antiques on Broad, Exquisite Design, Beckman Photography, Cigar Shop, and the Perennial Project.

Barbara Pfeffer noted a new ballet studio is coming in and it is a Russian Ballet, which brings status to the Borough.

Ribbon cuttings will start this Friday at the Riverside Market.

There are several grant opportunities to look for. The comprehensive plan is in the works. The Perennial Project is happening this Saturday morning. The Maria's Lovers house, several Council members and community members have helped Mr. Beckman clean this out and get the original architecture exposed. Beth Bock noted that Mr. Beckman was possibly considering a B&B or short-term rental. Bank Street has been cleaned and is looking better. Barbara Pfeffer noted that blighted buildings in town would be photographed for grants. She also noted that in conjunction with the Brownsville Area Historical Society they would like to set up kiosks for a walking tour.

Barbara Pfeffer would like to thank the community for helping these local businesses stay afloat through the pandemic.

LIBRARY – PAUL SYNURIA

Paul Synuria noted they are now open for curbside pickup. Call ahead and request a book and they will bring it to your car. Now that we are in the green from the pandemic, hopefully it opens up a bit more.

FIRE DEPARTMENTS – BETH BOCK

Beth Bock noted that we only have Northside's report, as Southside has not responded. They had 31 total calls this month.

Hogfather's is at the Northside Fire Department for a fundraiser. The fire convention has been cancelled until next year. Beth Bock is working with Jack Lawver, Ron Barry, and some other firefighters to coordinate a safety day maybe in August, with proceeds split between our two departments. Hopefully this can generate funds and positive image for our police and fire departments. Jack Lawver noted that our local businesses have really helped to support our local fire departments by donating profits or donating goods. Beth Bock reminds the public that donations are always helpful. Water is a great donation to the local fire departments.

The Borough has fulfilled their obligation to donate to the fire departments. Beth Bock noted that we need to find more creative ways to support the VFD. Paul Synuria asked if we were getting reports from the VFD, to which Beth Bock noted just one.

TAX BUREAU – LESTER WARD

Lester Ward noted that we had about \$11,000 which is less than normal.

Barbara Pfeffer noted that the county postponed the collection date for face value taxes, so we are now in sync.

CORRESPONDENCE

Tracy Sheehan Zivkovich noted that Luzerne Park has sent us correspondence regarding events and pavilions. Luzerne Park has asked us for guidance and recommendations. Tracy Sheehan Zivkovich noted the motion passed at the Park Board meeting was to have the Motocross race at the end of this month, and that fireworks may be postponed until Labor Day weekend. Is Council okay with the park opening up or do we recommend they stay closed? What are our recommendations.

Jack Lawver makes a motion that we follow their meeting votes. Second by Jackie Jackson. Solicitor recommends that we add to that motion to ask for a copy of their insurance and a written plan that they will follow the CDC guidelines. Beth Bock questioned why a motocross race was allowed, but pavilion rental was not. Jack Lawver noted that the prisoners used to cut grass, but that is not permitted at this time. Jack Lawver proposed to the Park Board that we are here to help. Paul Synuria would like to split the motion to open the park in general and/or to open the park for events. Paul Synuria is against events.

Tracy Sheehan Zivkovich noted that the original plan for the Park was not to open until August 1. Solicitor reminded Council that we "own" the Park, but Jack Lawver noted that the Motocross organization handles the CDC guidelines. Tracy Sheehan Zivkovich disagrees with the Park Board minutes when they stated that Council does not have authority over them, however, the Borough disagrees and believes that the Borough does have authority. Tracy Sheehan Zivkovich reminds everyone that Luzerne Township and Brownsville Borough own that property. Jack Lawver respects their decision.

Jack Lawver makes a motion to approve opening the park on August 1, and permit the motocross race. Prior to the race, we must have a COVID-19 plan that includes bathroom breaks, temperatures, 250 spectators, etc. Second by Jackie Jackson. Roll call vote: Tracy Sheehan Zivkovich, no; Paul Synuria, no; Jack Lawver, yes; Lester Ward, yes; Beth Bock, yes; Barbara Peffer, no; Jackie Jackson, yes. Roll call vote 4-3. Motion carried.

Jack Lawver asked that Melissa S. O'Brien prepare a letter to the Park Board telling them these things.

OLD BUSINESS

Solicitor reminded Council that a phone call regarding the police pension would be recommended. Solicitor will initiate the call.

Jack Lawver noted that handicapped signs were ordered, but are on backorder. The Municipal Authority is looking into the Hollow Road project, but their engineer from Fayette Engineering had a heart attack prior to their last meeting. They had to act on it and move forward with someone else.

NEW BUSINESS

No report at this time.

MEETING ADJOURNMENT

Motion to adjourn by Beth Bock, seconded by Barbara Peffer. Motion carried. Meeting adjourned.

Melissa S. O'Brien, Secretary/Treasurer

TREASURER'S REPORT

June 2020

BANK ACCOUNTS (adjusted through June 10, 2020)
